How it Works:

The first thing to do is visit www.geocaching.com or download the official Geocaching app and register for a free account to search for active caches near you. Search for XXXX. Once you've decided which cache you want to start with, use the GPS coordinates to start searching.

At each location log the code word within each container. Once you have reached the final cache at the SCVA offices, you must unlock a secret code to unveil the final prize!

The Sullivan Catskill Visitors Association’s Dove Trail features nearly 80 dove sculptures spread across towns, villages, and local businesses in the Sullivan Catskills. Each dove is designed by a local artist, drawing inspiration from the bright, colorful palette of the Woodstock era and capturing the essence of the community it represents. Local businesses sponsor these doves, supporting the region’s vibrant arts scene while celebrating the cultural legacy of Woodstock.
